Dear Parents,

First let me express my gratitude for your perseverance and support during these unusual times. As you may be aware, I recently returned from Louisiana for my brother-in-law's funeral, only to learn about the further deteriorating situation here in Maryland. I hope everyone is well and safe in the knowledge of God's love for you all.

I wanted to provide you a general pacing guide to facilitate working with your child:

Daily routine: (Note: do not expect your child to work all day on assignments)

SUBJECT	TIME	ASSIGNMENT
---------	------	------------

Math	1 hour	Daily lesson – 95 – 120.
------	--------	--------------------------

- Warm Up with Power Up practice, followed by Mental Math and Word Problem at beginning of each lesson. Introduce new lesson by reading script and reviewing examples. Have them independently complete the Lesson Practice to demonstrate understanding of skill. Then have them complete lesson on the recording form I sent home. If you run out, just use any loose leaf paper.

Lang. Arts	1 hour	Read one chapter of Lion, Witch and Wardrobe
------------	--------	--

- Write thoughts in journal which will be posted on the school website as a PDF for download. Review questions will also be posted for every 5 chapters and a final review. I will provide further information on how to upload review for my evaluation later.

	30 min.	Storyworks magazine
--	---------	---------------------

- I will post readings and assignments via the school website for specific articles

Moby Max	30 min.	Assignments posted daily.
----------	---------	---------------------------

- Specific assignments will be posted on the website. However students should simply login daily, and complete work at their own pace. (FYI: students will be able to ask me questions about any subject on the website as there will be an internal messaging system.

Check the school website for any updates.
