Grocery auctions have been gaining popularity all over the country, and are one of the most exciting and well-attended type of auctions. Groceries arrive by refrigerated truck from distribution centers. Some items are over stock items, and some have sell by dates too close to be placed on grocery shelves; some are brand name products, and some are not. We never know ahead of time what we are getting. It could be anything found in a grocery store, such as candies, snacks, frozen meats, frozen vegetables, canned goods, dry goods, cleaning supplies or just about anything else.

Auctions of this type have a lot of 'pass outs'. The larger the crowd, the better, because the distributor can move more product at a better price! Pass the word to your neighbors and friends.

Items will be offered in small and/or large lots. Buys as little or as much of an item as you like. Buy for yourself, a large family, or your next large gathering or party! There will be some great deals!!
